FOR IMMEDIATE RELEASE

IAPD Welcomes New Member Interfacial Solutions

OVERLAND PARK, Kans. – The International Association of Plastics Distribution is pleased to announce that Interfacial Solutions, an associated products and services provider, has joined the association. The company is headquartered in River Falls, WI, USA. Interfacial Solutions provides idea-to-production contract research and development services to the plastics industry. Founded in 2003 on a vision to help innovators innovate and to provide product development services to the plastics industry, Interfacial Solutions has helped its customers commercialize more than US\$300 million dollars of plastic products in a variety of markets. The organization comprises a multi-disciplined team of approximately 30 plastic product development specialists focused on providing timely solutions. Their 42,000 square foot facility located near Minneapolis, MN, USA is equipped with state-of-the-art polymer testing equipment and polymer melt processing equipment. Product development services range from idea generation to sample creation and polymer lab testing to truckload quantity production. Interfacial Solutions also looks forward to introducing its own novel plastics technologies to the industry in the not-too-distant future. More information is available at www.interfacialsolutions.com.

“I am pleased to welcome Interfacial Solutions as a new IAPD member. IAPD represents that plastics distribution supply chain and most importantly, champions the use of plastics in applications and the use of distribution as the way to market,” said IAPD CEO Susan E. Avery, CAE. “Associated Products and Services members offer invaluable resources, products and services to the plastics distribution industry. Through their participation in IAPD, they will be provided access to the most important market players in the supply chain and access to the thought leaders in the plastics distribution industry.”

About IAPD

The International Association of Plastics Distribution (IAPD), established in 1956, brings together distributors, fabricators, manufacturers, manufacturers’ representatives, recyclers and service providers in an environment which encourages a free flow of ideas and information that help

members build their businesses. Every program and service we provide is designed with the simple goal of helping our members increase profitability. Membership in IAPD is an affordable business investment. IAPD provides training, connections with customers and suppliers and information about developments that impact the industry. What makes IAPD unique is a commitment to educating customers and other key end-users about plastics. In other words, IAPD works with members to build the demand for plastics. Central to this effort is the reinforcement of the value of distribution.
