

fabricationservicesshowcase

"Fabrication Services Showcase" contains paid listings of companies with fabrication services, products and machinery that cater to the plastics distribution industry. *The IAPD Magazine* does not endorse or make recommendations in regard to the companies supplying their services. For details and pricing information to include your company in this Fabrication Services Showcase, contact Crystal Roberts, IAPD's Manager of Sales and Advertising, at (913) 345-1005 or email croberts@iapd.org.

CNC Cutting

LMT Onsrud LP. (See Cutting Tools.)

CNC Equipment

Hendrick

PANEL SAWS | CNC ROUTERS | SOFTWARE | TOOLING

Hendrick is your one-stop solution, offering a diverse line of CNC machining equipment, software and tooling. To learn more, contact Jeff Grant at (978) 741-3600 or jgrant@hendrickmanufacturing.com.

stiles

Your success is our business.

More than the largest supplier of quality machinery, Stiles offers a Total Production Solutions approach to manufacturing from equipment integration and financial services to education, service and parts. For more information, visit www.stilesmachinery.com.

CNC Machining

ATLAS FIBRE COMPANY

Atlas Fibre Company specializes in precision CNC fabrication of parts from all thermoset and thermoplastic materials. For your convenience, we carry the largest inventory of XXX, CE, LE, G10/FR4, G7, G9 and G11 rods and sheets. (800) 323-1408, fax(847) 674-1723, sales@atlasfibre.com.

CNC Milling

Atlas Fibre Company. (See CNC Machining.)

Cutting Tools

LMT Onsrud LP, (800) 362-1560, www.onsrud.com.

WS Hampshire Inc.

Over 100 Years of Non-Metallic Material Fabrication

WS Hampshire specializes in fabrication & distribution of thermosets, thermoplastics, fiberglass composites, Ryertex, Wesliner & flexible papers/ films. (800) 541-0251, www.wshampshire.com, sales@wshampshire.com.

Panel Saw Equipment

Hendrick

PANEL SAWS | CNC ROUTERS | SOFTWARE | TOOLING

Hendrick has historically been and continues to be the innovator in plastic panel sheet processing. Put our experience to work for you, contact Jeff Grant, (978) 741-3600 or jgrant@hendrickmanufacturing.com.

HOLZMA U.S.

Division of Stiles Machinery Inc.

Optimize material, equipment and workflow with Holzma plastic cut-up systems to deliver greater productivity and lower costs across your entire operation. To learn how optimization can help you, contact Bill Pitt at (704) 861-8239 or bpitt@stilesmachinery.com.

schelling

Schelling specializes in manufacturing panel saws for cutting all types of plastic sheet. For more information, contact Stephen Bailey at Schelling America, (919) 544-0430, email sbailey@schelling.com.

Precision Machining

Atlas Fibre Company. (See CNC Machining.)

MA

Moore Addison

Non-metallics/laminates/plastics doing precision machining/general fabrication since 1953. (630) 543-6744, www.mooreaddison.com.

Sanding

Atlas Fibre Company. (See CNC Machining.)

Screw Machining

J.B. JENSEN & SON

J.B. Jensen & Son Mfg. Inc. specializes in screw machining and CNC milling, drilling, tapping and turning of high quality plastic components. (800) 587-4757, www.jbjensen.com.
