FOR IMMEDIATE RELEASE

PT Margacipta Wirasantosa Joins the International Association of Plastics Distribution

OVERLAND PARK, Kans. – The International Association of Plastics Distribution is pleased to announce that PT Margacipta Wirasantosa, a manufacturer, has joined the association. The company's North American operations are located in New York, NY, USA. PT Margacipta Wirasantosa started manufacturing general purpose acrylic sheet in Indonesia in 1984. With six production lines and the goal of becoming the leading manufacturer of cell cast acrylic sheet in the world, the company is now focused on exporting and building its network of distributors. More information is available at www.margacipta.com.

"I am pleased to welcome PT Margacipta Wirasantosa as a new IAPD member," said IAPD CEO Susan E. Avery, CAE. "IAPD represents that plastics distribution supply chain and most importantly, champions the use of plastics in applications and the use of distribution as the way to market. Companies who are admitted to IAPD as full members of the association must evidence their commitment to the plastics distribution supply chain. The association will be their essential source for networking, training tools, education, information and insight. Through IAPD, they will have access to the thought leaders in the plastics distribution industry."

About IAPD

The International Association of Plastics Distribution (IAPD), established in 1956, brings together distributors, fabricators, manufacturers, manufacturers' representatives, recyclers and service providers in an environment which encourages a free flow of ideas and information that help members build their businesses. Every program and service we provide is designed with the simple goal of helping our members increase profitability. Membership in IAPD is an affordable business investment. IAPD provides training, connections with customers and suppliers and information about developments that impact the industry. What makes IAPD unique is a commitment to educating customers and other key end-users about plastics. In other words, IAPD works with members to build the demand for plastics. Central to this effort is the reinforcement of the value of distribution.
